Disney's Hollywood Studios Gets A New Map With A Big Change!

## About This Collection

The gallery captures a morning at Disney's Hollywood Studios, where the iconic archway still frames the boulevard even after years of changes. A few visitors head straight to the Top 5 table-service spots, others pause by the character location map posted near the park entrance, and some linger near the historic tour routes that first put Universal on the map back in 1964. Guests wander past the new map kiosks and the winter-

lit spires of Universal Studios Hollywood in the distance, while the Hollywood Guest Inn glows behind palm trees near the Metro Goldwyn Mayer gate. Start your day in style and explore every corner of this sun-soaked studio lot through the full gallery linked above.
